

WELCOME HOME KIT INSTRUCTIONS

In putting together a Welcome Home Kit, you provide the essentials for a family that has just moved from homelessness to housing.

Your gift is often the first thing that a family receives as they build their new home with pride and dignity.

How to Make a Welcome Home Kit:

1. **Gather a group of helpers.** Unite your kids, friends, church group or chess club to create a Kit together. Welcome the community to participate in caring for newly housed families!
2. **Decide which Kit** to create (list below).
3. **Assemble the elements.** Not everything needs to be newly purchased, but please provide functional, clean and quality items.
4. **Place elements in designated container.**
5. **Drop off** at 1823 Blackwell Rd, Monday to Friday from 9am-4pm or call 678-594-3150 to coordinate drop off.
